EV LE

Concept Artist & 2D Illustrator

■ ACADEMIC PROJECTS

Concept Artist/Illustrator/VFX Artist

Solaris Rift • published 2D game • team of 14 • Aug 2020–2021

- Concepted and produced illustrations for in-game cards using Clip Studio Paint and Adobe Photoshop.
- Balanced feedback received across disciplines to achieve the team's vision.
- Organized and delegated work schedules utilizing Discord, Trello, and Google Sheets.
- Collaborated with programmers to animate VFX using custom particle engine.

Concept Artist/Prop Artist

Grocery Gauntlet • 3D game • team of 25 • May 2021–2023

- Concepted and modeled grocery item props using Clip Studio Paint, Autodesk Maya, and Unreal Engine.
- Illustrated 2D concept art for review before translating into 3D models that retain the illustration's appealing style.
- Worked remotely for a majority of the project, remaining efficient and self-motivated while relaying information to team members in Discord meetings and Google Sheets.

■ WORK EXPERIENCE

Freelance Commission Artist

2017 – Present

- Provided digital sketches, concepts, and illustrations for clients based on criteria.
- Communicated frequently with clients throughout the process to remain transparent and keep the client properly informed about updates.
- Organized client queue using Google Sheets to manage multiple projects as efficiently as possible.
- Negotiated pricing of products to align with what works best for the client's budget and my work schedule.
- Promoted services through social media, building sizeable platforms on sites like Twitter, Instagram, and TikTok through current trends to appeal to a wider audience.
- Designed a website using Carrd to create an appealing, yet informational layout listing my services and terms of agreement.
